Dear Friends of Bread of Life:

For almost 20 years now, I have had the privilege of watching this small food and clothing program, that started in a park, expand into an amazing service organization that is now touching the lives of a multitude of individuals and families in North San Diego county. The past two years has seen the expansion of our Food Pantry program, providing a variety of food products to hundreds of families weekly. Our advocates are helping people get off the streets and into jobs and housing, while our Life Skills Academy is training individuals to become productive members of the community.

To take Bread of Life Rescue Mission to a new level of service in North county, the Board of Directors has sought to join with another like-minded organization to achieve this goal. After a year of meeting with some great organizations and the City of Oceanside, we believe we have found the ideal partner. After much prayer, we and the board of San Diego Rescue Mission, have unanimously agreed to join in a united effort to affect great change in San Diego county. We wanted you, our partners, to be the first to know.

As of October 1<sup>st</sup>, Bread of Life will officially become a program of the San Diego Rescue Mission. Moving forward you will begin receiving communications from the San Diego Rescue Mission team – which we are now a part of!

Thank you for your faithful partnership. We could not do this important work without you and we look forward to seeing what God is going to do in us and through us in this next step of our journey.

If you have any questions, contact me, or Pastor Tim Yzaguirre, our executive director.
